Matt Galante represents banks, captive finance companies, major independent finance companies and other financial entities in securitizations involving retail auto loans and leases, dealer floorplan finance receivables, small business loans and merchant cash advances, and credit card receivables. He also helps clients in matters involving warehouse lending, revolving credit facilities and structured term loans. Matt's responsive and collaborative approach ensures that transactions close in the most efficient manner possible.

Business-focused representation drives practical results

Matt provides wide-ranging support on every aspect of closing ABS securitizations, especially auto loan and lease securitizations, for both public and private deals. Matt focuses on his client's evolving business objectives to provide in-depth and responsive support.
